

How to Place Orders for ServSafe International Products

Go to the www.ServSafeInternational.com website and click on “Purchase Products” under the Instructors/Exam Proctors section on the left side of the screen.

The screenshot shows the ServSafe International website interface. At the top, there is a search bar and navigation icons. The main header features the ServSafe International logo and the text "ServSafe International™". Below the header, there is a navigation menu with links for Home, Contact, Help, and Login. The left sidebar contains three main sections: "Students", "Instructors / Exam Proctors", and "Other Resource Links". The "Instructors / Exam Proctors" section is highlighted in blue, and a red arrow points to the "Purchase Products" link within this section. The main content area displays a language selection dropdown menu set to "English/Inglés/Englisch". Below this, there is a note about international use and a welcome message. A collage of images shows food safety training and handwashing. Links for "Please click here to login" and "New User? Register Here" are also present.

ServSafe™ Supervisor Food Safety Course

ServSafe Food Safety Online Course – English

This online course is developed for use in English speaking countries outside the United States and is based on European Union food safety requirements for restaurants, and recognized best practices in food safety. The course also includes documents that explain country specific food safety requirements.

This online course is convenient and easy to use for new and experienced restaurant supervisors, managers, or staff, who need food safety training.

An online exam is included with this course. Once the course has been completed and the exam has been passed users can save and print a certificate to demonstrate knowledge of food safety.

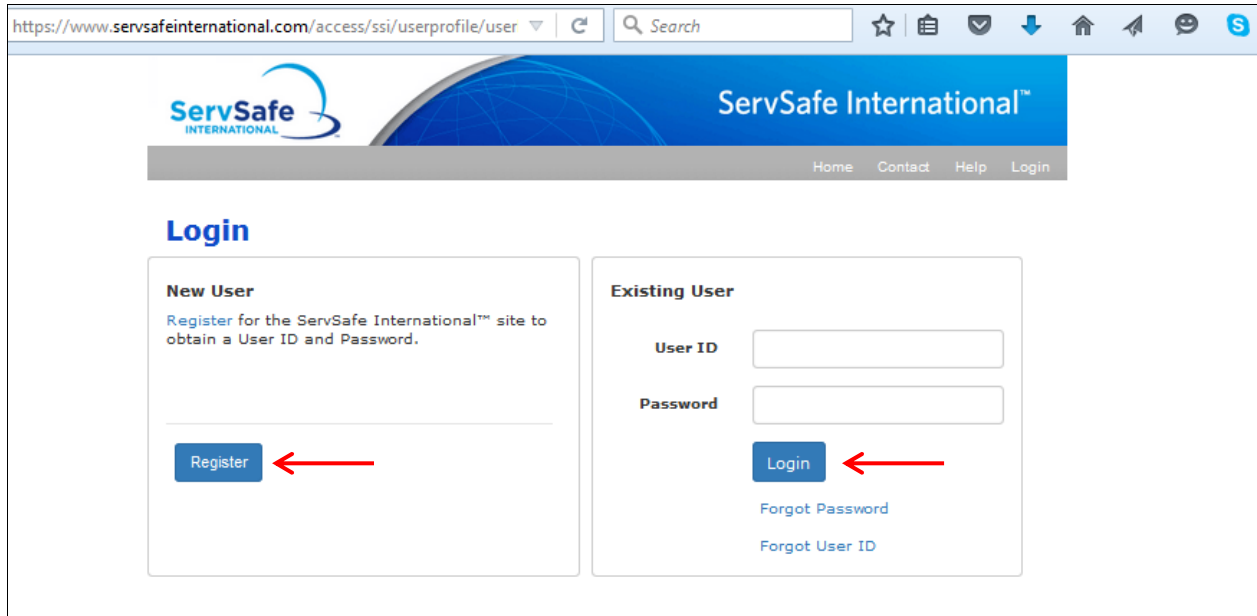

The time needed for individuals to complete the training depends on their experience with computers and food safety knowledge but typically takes between four and a half hours and six hours.

A high speed internet connection is required to use this course. Once you begin the course, you will have 90 days to complete it, at which time the course will be deactivated. All purchases of online training courses are final.
